Terms : NET 30

Manufacturer	Model	Serial	Asset ID	Description	Cycle	Type	Qty	Unit Price	Discount	Total
KEYENCE	VR-5200			Wide area 3D Measurement system (XYZ)	12 Months	Accredited CalibrationCalibration of XY and Z. Onsite	1	PHP 18,000.00	16.67%	PHP 15,000.00
KEYENCE	GB Chart 1041E			Standard Glass scale	12 Months	Kindly provide specification and actual photo of the unit.	1	PHP 0.00	0.00%	PHP 0.00
KEYENCE	GB Block 1431O			Standard Ceramic Block	12 Months	Kindly provide grade and nominal size of the unit under test.	1	PHP 0.00	0.00%	PHP 0.00
				ONSITE FEE PER DAY	0 Months	Traceable Calibration	1	PHP 5,000.00	0.00%	PHP 5,000.00

Total Quantity. : 4
Total Line Items : 4

Sub-Total Cost : 23,000.00 PHP
Discount : -3,000.00 PHP

Quoted Total : 20,000.00 PHP

Special Customer Instruction:
Accredited Calibration is the same as 17025 calibration.

If in case the units are found to be out of tolerance or with limited reading and the customer decides to have the units be returned as is (RAI), we will charge 50% of the Calibration cost.

If in case the customer wishes to receive calibration certificate and data sheet for failed units, we shall charge 100% of the calibration cost.

Lead time is seven (7) to ten (10) working days. This may still change depending on the timing of endorsement and considering the availability of standards for the units.

We will add covid testing (Rapid, RT-PCR, and Antigen) cost which you required prior onsite.
RT-PCR - 3000
ANTIGEN – 900
RAPID TEST - 800
Medical Certificate (Private Doctor) - 450
Medical Certificate (Barangay/RHU) - 960 (Barangay requires Antigen test result)

Calibration Quote

Customer Acknowledgement

Turn Around Time:
• Calibration Time Required: 5 to 7 working days unless otherwise specified.
• Turn-around time is assessed and based on the availability of standards and personnel to perform the calibration service.

Method Used:
• If no other calibration method is specified by the customer, MP willuse manufacturer, military, internationally recognized industry standard (ASTM, NIST, OMIL,etc.), or MP locally developed calibration procedure will be utilized based on availability.

Statements of Pass or Fail Conformance:
The uncertainty of measurement will be taken into account when determining compliance with specification, as per ILAC-G8:03/2009. All measurements and test results guard banded to ensure the probability of false-accept does not exceed 2% in compliance with ANSI/NCSL Z540.3-2006.
The status of compliance with the acceptance criteria will be reported as:
PASS - Compliant with specification;
FAIL - Not compliant with specification.
FAIL² - The measured value is not within the acceptance limits. However, a portion of the expanded uncertainty of measurement at 95% is within the specified tolerance.
PASS² - The measured value is within acceptance limits. However, a portion of the expanded uncertainty of measurement at 95% exceeds the specified tolerance.
The expanded uncertainty of measurement is stated as the standard uncertainty of measurement multiplied by the coverage factor k=2, which for a normal distribution corresponds to a coverage probability of approximately 95%, unless otherwise stated. The calibration report to be issued is compliance with ISO/IEC 17025:2017 and ANSI/NCSL Z540.3-2006 Method 6-Guard Bands based on Test Uncertainty Ratio.

Calibration Interval:
• Customer to advise calibration intervals for equipment. MP will use Manufacturer's suggested interval or 12 months interval on calibrations done unless otherwise specified bycustomer.

Calibration Subcontracting:
• Calibration subcontracting will be completed by anMP Accredited Vendor or Supplier, if it isrequired.
•All subcontracted calibrations shall be approved in advance by Customer.

Limited Calibration:
• For units that are found to have a limited calibration, MP will advise customer regarding itscondition.
• MPC will proceed with limited calibration upon receipt of customer approval.

Units Found Out of Tolerance or Defective:
For units that are found to be out of tolerance or defective, MP will notify customer regardingits condition. MP will proceed with failed calibration upon receipt of customer approval.

On-Site Calibration Service Notes (When Applicable):
• On-Site fee includes all travel, lodging, and transport of our standards to do the job.
• Customer to provide suitable calibration area that meets our environmental requirements to dothe job.
• Customer should schedule the availability of their equipment for calibration as to not causedelay.

Equipment Adds or Reductions:
• Customer can add equipment during On-Site calibration services. This request must be donein writing and approved by the customer.
• Customer must agree to amend their current purchase order to include the additionalequipment or issue a new PO for the additional equipment.
• Customer may reduce the agreed total order value by 5% without incurring any additionalOn-Site fee. More than 5% reduction of total order value may result in higher On-Site Fee.

Limited Liability:
• Micro Precision Calibration's liability here-under shall be limited to the repair, restoration, orreplacement of equipment items to the condition in which were received by Micro PrecisionCalibrationupon pickup and/or serviced at the Customers facility.
• In no event shall Micro Precision Calibration be liable for any special, indirect, incidental,consequential or liquidated, penal or any economic loss / damages of any character, including,but not limited to loss of the customers property lost profits or lost production, whether claimedby the customer or by third party, irrespective of whether claims or actions for such damagesare based upon agreement, warranty, negligence, strict liability or otherwise.

Customer Approvals:
• A purchase order from the customer based on this quote is recognized as an approval forMP to do calibrations based on all the requirements that was discussed in this document.
• By signing the customer confirmation field of this quotation will be recognized also as anapproval for MP to do calibrations based on all the requirements that will discussed in thisdocument and invoice the calibration cost base on the agreed payment terms above uponcompletion of the service.

Division Notes

Payment Terms:
• Terms: T/T upon receipt of invoice or Post Dated Check
• Quotation Validity: Quote Validity 60 Days from Quote Date.
• PO is required before items will be process and calibrated.
• All items must be with PEZA or BOI papers (If applicable).
• Philippine VAT (12%) not included unless otherwise specified.
• Exempted from Expanded Withholding Tax (EWT) per BIR RR#14-2002
Logistic Notes:
• Calibration Location: To be calibrated at MPC Lab unless otherwise specified
• Customer is responsible for the shipment of their items to and from MPC facility, unless otherwise specified.
• Customer should endorse all units with complete accessories.
Export:
• The Buyer agrees to comply with all applicable laws and regulations of the various states and of the United States. The Buyer shall not knowingly, without the prior written approval, if required, of the Office of Export Administration of the U.S. Department of Commerce or any other applicable government agency, export, either directly or indirectly, any Product or any portion of Product, or any software or any portion of software,to any country for which such approval is required.
•The Buyer acknowledges that the product and software may also be subject to the export laws and regulations of the country in which the Product and software is received, and the Buyer shall abide by such laws and regulations.
•The Buyer also understands that the requirements and restrictions of U.S. Law may vary depending on the Product and software delivered and may exchange over time and that, to determine the precise controls applicable to the product and software acquired, it is necessary for the Buyer to refer to the U.S. Export Administration Regulations and the U.S. Foreign Assets Control Regulations, or other applicable export regulations.
Warranty:
•MPC warrants calibration/certification accuracy at the time of delivery to Customer. MPC warranties its repair workmanship for a period of Ninety Days (90) days. Repair or replacement parts are warranted for a period of ninety (90) days or the manufacturer's published warranty if longer. This warranty begins upon the date when the equipment is delivered to, or picked up by Company.
Pick up and Delivery of Units at Customer's Facility:
•For pick-up of units at customer's facility, it is the responsibility of our customers to properly packaged instruments for shipment to MPC. Instruments should be placed in proper box or case with enough padding and support to prevent any damage during shipment of the unit to our facility. If any damage is identified during our receiving and proven to be the result of improper packing, MPC will not be held liable for damage due to packaging issues. MPC takes the utmost care of handling instruments during pick-up and delivery and we encourage our customers to help us avoid any instrument damage during in transit.
•Customer should report broken or damaged equipment due to shipping or handling process and/or equipment with functionality issues immediately after receipt.
