Material Safety Data Sheet

Printing date : 28.7.2010
Reviewed on : 28.7.2010

1. Identification of substances

- **Product details :**

  Trade Name : **RENOLIN B100 PLUS**

- **Manufacturer / Supplier :**
  FUCHS LUBRICANTS PTE LTD
  No 13A Tech Park Crescent
  Tuas Techpark
  Singapore 637843
  Tel : (65) 65588133
  Fax : (65) 68630603

2. Composition / Data on components

- **Chemical characterization**

- **Description :**
  Mixture containing highly refined mineral base oils and additives.

- **Dangerous components :**

CAS No	Designation	%	Classification
-	Zinc alkyldithiophosphate	<1.0	-
-	Butylated phenol	<0.5	-
101-02-0	Aryl Phosphite	<0.1	-
-	Calcium sulfonate	<0.1	-
74499-35-7	p-Dodecylphenol	<0.05	-
108-95-2	Phenol	<0.05	-
-	Hydrocarbons, dearomatized	<0.02	Xn; R65,66
-	N-Oleyl Diethanolamine	<0.01	Xi; R38-41

3. Hazards identification

- **Hazard designation** :
  By handling of mineral oil products and chemical products no particular hazard is known when normal precautions (item 7) and personal protective equipment (item 8) are kept.

- **Information pertaining to particular dangers for man and environment :**
  This product is water polluting, see item 12

- **Classification system :**
  The classification is in line with current EC lists. It is expanded, however, by information from technical literature and by information furnished by supplier companies.
  The classification results from the Conventional Method of 88 / 379 EU concerning specific data of compounds.

Material Safety Data Sheet

Trade name : RENOLIN B100 PLUS

4. First aid measures

- **General information :**
  Change clothes and shoes contaminated or soaked by the product.
  Never put rags contaminated by the product into cloth-pockets.
- **After inhalation :**
  Supply fresh air, consult doctor in case of symptoms.
  (eventually by inhaling the overheated product).
- **After skin contact :**
  The product is not skin irritating.
- **After eye contact :**
  Rinse opened eye for several minutes under running water.
- **After swallowing:** In case of persistent symptoms consult doctor.

5. Fire fighting measures

- **Suitable extinguishing agents :**
  CO2, extinguishing powder or water jet. Fight larger fires with water jet or alcohol-resistant foam.
  Use fire fighting measures that suit the environment.
- **For safety reasons unsuitable extinguishing agents :**
  Water with a full water jet.
- **Protective equipment :**
  In case of fire fighting : wear self containing breathing apparatus.

6. Accidental release measures

- **Person-related safety precautions :**
  Particular danger of slipping on leaked / spilled product.

- **Measures for environmental protection :**
  Do not allow to enter drainage system, surface or ground water.
  Prevent from spreading (eg. by damming-in or oil barriers).
  Do not allow to enter the ground / soil.
- **Measures for cleaning / collecting :**
  Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).
  Dispose of the material collected according to regulations.

- **Additional information :**
  No dangerous materials are released.

Material Safety Data Sheet

Trade name : RENOLIN B100 PLUS

7. Handling and storage

- **Handling**
- **Information for safe handling :**
  Prevent formation of aerosols.
- **Information about protection against explosions and fires :**
  Do not heat up to temperature close to the flash point.

- **Storage**
- **Requirements to be met by storerooms and containers :** No special requirements.
- **Information about storage in one common storage facility :** Store away from foodstuffs.
- **Further information about storage conditions :** None.

- **Storage class**
- **Class according to regulation on inflammable liquids :** Void.

8. Exposure controls and personal protection

- **Additional information about design of technical systems :**
  No further data; see item 7.

- **Components with critical values that require monitoring at the workplace :**

CAS No.	Designation of material	%	Value Unit

  The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

- **Additional information :**
  The lists that were valid during the compilation were used as basis.

- **Personal protective equipment**
- **General protective and hygienic measures :**
  The usual precautionary measures should be adhered to in handling the chemicals and the mineral oil products.
  Avoid close or long term contact with skin.
  Use skin protection cream for preventive skin protection.
  Do not carry cleaning cloths impregnate with the product in trouser pockets.

- **Breathing equipment :** Not required.
- **Protection of hands :** Protective gloves and protective skin cream.
- **Eye protection :** Safety glasses recommended during filling.
- **Body protection :** Protective work clothing.

Material Safety Data Sheet

Trade name : RENOLIN B100 PLUS

9. Physical and chemical properties

- Form : Fluid.
- Colour : Light brown
- Smell : Characteristic
- Melting point / Melting range : Not determined
- Boiling point / Boiling range : Not determined
- Flash point : > 200 Deg C
- Decomposition temperature : Not determined
- Self - inflammability : Product is not self-igniting.
- Danger of explosion : Product is not explosive.
- Density at 15 deg C : 0.88 g/cm3
- Solubility in / Miscibility with water : Not miscible or difficult to mix.
- Viscosity at 40 deg C : 100 cSt

10. Stability and reactivity

- **Thermal decomposition / conditions to be avoided :**
  No decomposition if used according to specifications.

- **Dangerous reactions :**
  No dangerous reactions known.

- **Dangerous products of composition :**
  No dangerous decomposition products known.

11. Toxicological information

- **Acute toxicity :**
- **Primary irritant effect :**
- **On the skin :**
  No irritant effect known.
- **On the eye :**
  No irritant effect known.
- **Sensitization :**
  No sensitizing effect known.

- **Additional toxicological information :**
  The product is not subject to classification according to the calculation method of the General EU Classification Guidelines for Preparations as issued in the latest version : when used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us.

Material Safety Data Sheet

Trade name : RENOLIN B100 PLUS

12. Ecological information

- **Behaviour in environmental systems :**
- **Mobility and bioaccumulation potential :**
  No data available.

- **Ecotoxical effects :**
- **Behaviour in sewage processing plants :**
  The product floats on the water surface.

- **General notes :** Hazardous for water.
  Do not allow reaching ground water, water bodies or sewage system.

13. Disposal considerations

- **Product :**
- **Recommendation :**
  Smaller quantities have to be disposed in line with local legislation. After prior treatment product has to be landfilled, recycled or incinerated under adherence to the regulations pertaining to the disposal of especially hazardous waste.

  When storing used mineral oil products, ensure that the categories for waste oil and mixing instructions are observed.

  Delivery of waste oil only to officially authorized collectors.

- **Uncleaned packagings :**
- **Recommendation :**
  Empty contaminated packagings thoroughly. They can be recycled after thorough and proper cleaning.

  Small one-way packagings have to be disposed according to the local regulations.

14. Transport information

- **Land transport ADR/RID and GGVS/GGVE (cross-border / domestic)**
- **ADR/RID - GGVS/E Class: -**

- **Maritime transport IMDG/GGVsea :**
- **IMDG/GGVSea Class : -**

- **Air transport ICAO-TI and IATA-DGR:**
- **ICAO/IATA Class : -**

Material Safety Data Sheet

Trade name : RENOLIN B100 PLUS

15. Regulatory information

- **Designation according to EU guidelines :**
  Observe the normal safety regulations when handling chemicals or mineral oil products.
  The product is not subject to identification regulations under EC Directives and the Ordinance on Hazardous Materials.
  Local regulations must be kept.

- **Code letter and hazard designation of product :**
  Not hazardous
