SUBJECT : PROPOSAL FOR UPS (UNINTERRUPTIBLE POWER SUPPLY)

Dear Ma'am:

Power Shield Technologies Inc., would like to submit the proposal of (UPS) Uninterruptible Power Supply, for your on-going requirement for the **Supply and Delivery of UPS.**

Power Shield Technologies Inc. is a Philippine based trading company under full Filipino management. It is established to address the needs for Electrical and IT Solutions, through our knowledgeable people equipped with expertise to support our business partners.

Information technology and telecommunications evolve by demanding greater stability in the electricity for assured continuity and quality in all processes. In the face of any electrical disturbances, the solution is to protect your systems with an Uninterruptible Power Supply (UPS). The **POWERSHIELD PHOENIX** guarantees continuous, clean and reliable power.

Being the exclusive distributor of **PHOENIX**, we are pleased to submit to you the following proposal based on your technical specification you provide us.

This network provides support and service for our growing global customer base, enabling easy communication and just-in-time delivery for our expanding list of customers and distributors. The speed and flexibility in our global operation has been the key to our success in a relatively short time since establishment.

Attached is the breakdown of the quotation as well as the terms and conditions of the project for your consideration and approval

A. COST OF INVESTMENT:

Supply, delivery of **POWERSHIELD PHOENIX**

ITEM NO.	QTY	PRODUCT DESCRIPTION	UNIT COST (PHP)	TOTAL COST (PhP)
