I. Requirement

- 5 Units of Cisco Phone Model 7821

II. Design Considerations/Assumptions and Exclusions

- Provided 5 units of Cisco 7821
- Provided 1 year PRTNR SS 8X5XNBD service
- Power adapters are not included in the proposal assuming that phones will be connected to PoE switches
- Existing CUCM is version 9
  - Kindly be advised that licenses for version 9.x is no longer orderable after January 30, 2018.

Table 1. End-of-Life Milestones and Dates for the Cisco Unified Communications Manager 9.X ADD-ON User Licenses and Feature Migration

Milestone	Definition	Date
End-of-Life Announcement Date	The date the document that announces the end-of-sale and end-of-life of a product is distributed to the general public.	August 1, 2017
End-of-Sale Date License	The last date to order the product through Cisco point-of-sale mechanisms. The product is no longer for sale after this date.	January 30, 2018
Last Ship Date License	The last-possible ship date that can be requested of Cisco and/or its contract manufacturers. Actual ship date is dependent on lead time.	April 30, 2018

  - It is assumed that client has enough licenses for the registration of 5x 7821 IP phones.

- Cisco 7821 is already supported on CUCM version 9 however client must need to ensure that this is already available on the CUCM device list
  - If Cisco 7821 is not included on the device list of the existing CUCM, device package/ minor upgrade must be done to support new endpoints.
  - Device package/minor will not be part of our scope and will fall under on call services if existing CUCM is not under Trends MA update
  - Patch update or minor upgrade requires restart on the system
